### Verification Claims

IQAX ("IQAX") has completed the ICC DSI/DGC MLETR Self-Assessment Tool for the *IQAX Electronic Bill of Lading* ("Solution"). The self-assessment has been reviewed by the Digital Governance Council ("DGC") in accordance with the articles of the Model Law on Electronic Transferable Records (MLETR) and in accordance with the policies and procedures of the DGC Digital Trust Conformity Assessment Program.

Based on the self-assessment and the outcome of the review, DGC can confirm that IQAX has provided sufficient evidence regarding the Solution for the following verification claims:

1. The Solution indicates conformity to the general provisions outlined in MLETR Articles 1 through 7.
2. The Solution indicates functional equivalence in relation to MLETR Articles 8 through 11 (Writing, Signature, Transferable documents or instruments, Control).
3. The Solution indicates fulfillment of the general reliability standard specified in MLETR Article 12 for the purposes of Articles 9, 10, 11, 13, 16, 17, 18, and additionally, Article 15
4. In support of Article 12 general reliability standard, the Solution has:
  - a. Applicable operational and security controls in place to support general reliability
  - b. Technical procedures used in the creation, maintenance and transfer of electronic records suitable to ensure compliance with current technological standards.
